Sunday July 29th
9-12am
Friends and
families welcome!

*The morning will be spent removing invasive plant species. **Afterwards there will be a guided tour of the preserve!** If you have questions please email Cody: cdyleigh@gmail.com*

The Glacial Heritage Preserve is normally closed to the public. Don't miss this rare opportunity to see an excellent example of Puget Prairie ecosystem. Only 2.6% of this type of ecosystem still exists today.
